In normal configuration, the VDS service in Windows is configured to start manually (Startup type - Manual). It means that it should be run if necessary if other apps access it. However, in our case it doesn't happen on some reason. It is clear that you should check the state of Virtual Disk (vds) service. After opening the services ...

The Collectors are an enigmatic race that live beyond the Omega 4 Relay, a mass relay within the same system as Omega, in the Terminus Systems. They are rarely seen in the Terminus itself, let alone Citadel space, and are generally regarded as a myth by Citadel citizens. Definite sightings of Collectors have been made on Omega every few centuries. They are most well-known for their odd trade ...

The paid version, which you're offered a trial of during install (don't accept) includes a real-time scanner which is common in almost every Anti-Virus program and having 2 or more real-time scanners on the go massively affects PC performance. The free version has only manual scan, it's a good idea to run this once in a while.
