Phonemes and Allophones

"The concepts of phoneme and allophone become clearer by analogy with the letters of the alphabet. We recognize that a symbol is a despite considerable variations in size, colour, and (to a certain extent) shape. The representation of the letter a is affected in handwriting by the preceding or following letters to which it is joined.

Course materials include ethnographic writing, sound recordings, film, and folklore scholarship. The course also will devote attention to the competing definitions of “folk” and “folklore” prevalent from the late 19th century to the present. Assignments will emphasize student collection and analysis of original folklore material.
