While Ziggy Stardust is a narrative from start to finish it's really on this side that the plot becomes as pivotal as the music. The songs are all snappy and instantly memorable. It sounds like Bowie's attempt to do something like Abbey Road the way he blends extreme pop with more experimental melodies and arrangements around an abstract ...

Every album, EP, single, or compilation that he has explicitly said is a 10/10, in order of release date. The last section of this list is for an album that is most likely a 10/10 or could be one, but he hasn't specifically said that it was one.

Comment if there are any albums that he has said are 10/10 that aren't on the list. This list is kinda approved by
