The process was seamless. Ron and Deanna at Castle Learning conferred with ClassLink to share the data needed to create the LTI application. A follow-up call between me, Ron and Deanna established the data link, verified the data format, and addressed basic questions. Castle Learning support made this effortless. Again, thank you!

The nurses and doctors begin to ask Jeanette about how the burn took place, whether her parents have ever hurt her, and why a three-year-old would be cooking hot dogs. Jeannette responds matter-of-factly to each question: Mom believes she is mature for her age and often lets her cook for herself. The nurses still seem suspicious, making notes on their clipboard even while reassuring Jeannette ...
