Stage 1: Frustration. As we have seen, conflict situations originate when an individual or group feels frustration in the pursuit of important goals. This frustration may be caused by a wide variety of factors, including disagreement over performance goals, failure to get a promotion or pay raise, a fight over scarce economic resources, new rules or policies, and so forth.

Framing can also affect the way we see race, socioeconomic, or other generalizations. For this reason, it is linked to priming: when media coverage predisposes the viewer or reader to a particular perspective on a subject or issue.If a newspaper article focuses on unemployment, struggling industries, and jobs moving overseas, the reader will have a negative opinion about the economy.

Telepathy (from the Greek *τῆλε*, *tele* meaning "distant" and *πάθος*/*πάθημα*, *pathos* or *patheia* meaning "feeling, perception, passion, affliction, experience") is the purported vicarious transmission of information from one person to another without using any known human sensory channels or physical interaction. The term was first coined in 1882 by the classical scholar Frederic W ...
