The English novel is an important part of English literature.This article mainly concerns novels, written in English, by novelists who were born or have spent a significant part of their lives in England, or Scotland, or Wales, or Northern Ireland (or Ireland before 1922). However, given the nature of the subject, this guideline has been applied with common sense, and reference is made to ...

The observational material is organized systematically, and the principles derived from it are formulated in the most general terms possible (e.g., construction of machines). Questions about the origin of the world and of life, as well as ethical questions, fall outside the scope of science, and such questions cannot be answered scientifically.
